

Manifest Interview Prep Worksheet

Date: _____

Time: _____

Location: _____

Special Instr: _____

Client: _____

Client Info: _____

Interviewers:

Name	Role	Info

What is my answer to "tell me about yourself":

What technologies am I expected to know:

How have I prepared for Technical Questions:

What work experiences do I want to talk about:

What five success stories do I have:

What questions do you want to ask during the interview:

Who did I mock interview with: _____

Mock interview feedback:

Emergency Contact Info: _____

What to bring:

- ☐ Updated resume
- ☐ Business cards
- ☐ Portfolio, Paper & Pen (extra Manifest pen)
- ☐ Smile and good eye contact

Things to Remember:

- ☐ Mock interview
- ☐ Look up interviewer
- ☐ Send thank you
- ☐ Arrive 30 minutes early
- ☐ Speak positively
- ☐ Dress professionally

Use back of paper and extra paper (it will be necessary)

Dead cat.

Proof $2=1$

Given $a = b \neq 0$

$$a = b$$

$$a * a = b * a$$

(Multiply both sides by a)

$$a^2 = ab$$

(simplify)

$$a^2 - b^2 = ab - b^2$$

(subtract b^2 from both sides)

$$(a+b)(a-b) = b(a-b)$$

(factor)

$$(a+b)(\cancel{a-b}) = b(\cancel{a-b})$$

(divide by $a-b$)

$$(a+b) = b$$

(simplify)

$$b + b = b$$

(replace a with b from Given)

$$2b = b$$

(simplify)

$$2\cancel{b} = 1\cancel{b}$$

(divide by b (ok since $b \neq 0$))

$$2 = 1$$

Divide by $(a-b)$
